

AmeriScore - What you don't know really can hurt you.

It's not that you can't find them; you might even know where they are. It's not that you can't collect from them, many of them can pay. What you don't know is which ones to contact first. We can tell you, you'll be impressed. We know the score. You get your money.

Overall Benefits Of AmeriScore Include

AmeriScore helps you optimize efficiency by targeting your resources on the accounts with the greatest potential for yielding results.

Advanced Technology For Prioritizing Collection Efforts

- Score your portfolio according to the likelihood of debt recovery, while assessing the quality of individual accounts
- Scores are developed by applying over 300 financial attributes to each individual debtor, which are algorithmically evaluated by our custom software getting you results

Focus On Those Who Will Pay

- AmeriScore allows you to make cost-effective collection decisions, and focus your resources on the accounts which have the means to pay, as opposed to those who will continue to carry the debt and dodge your collection attempts
- After scoring and tracking millions of accounts, we have determined that 90% of all collections are derived from 50% of any given portfolio of delinquent accounts
- AmeriScore gives you the ability to quickly identify that 50% group so that you can pinpoint the segment of debtors who will be most receptive to your collection efforts

Used Internally On Pre- And Post-Default Accounts

- AmeriScore may be applied effectively to your own internal portfolios pre- and post- default, before sending them to a designated third party for collection
- The revolutionary AmeriScore program allows you to do scoring on a batch basis, with results returned to you within 72 hours
