

I was at first hesitant to switch to a new collection agency. What finally swayed me into changing over to American Agencies was the fact that your contracts do not expire.

I also like the fact that when you suspend a patient you can reinstate them any time without having to use a new contract, I was told I was making a big mistake. But, I feel the only mistake I made was not going with American Agencies sooner.

Early Intervention Service - Phase 1 Written Demand Service

What's preventing you from getting paid? Hope is not a strategy. Save your lost profits. Maybe even your customer. Create impact and urgency through 3rd party early intervention.

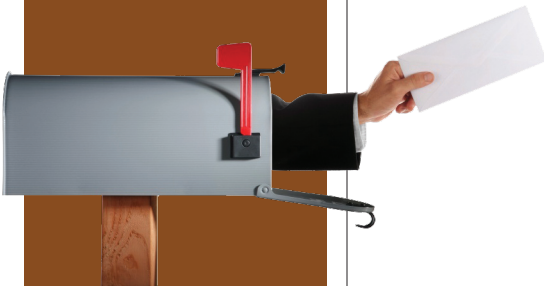

Phase 1 - Pre-Collection Service

Benefits

- Set fee of less than \$13.00 (average) is all we ever charge
- No commission. You keep 100% of the money
- You keep control, customers pay you
- Nationally, clients recover an average of 52% with a 9% average collection cost
- No expiration date. Use your accounts as the need arises
- 3rd party collection agency creates impact and urgency

What We Do

- Series of up to four written demands sent on our letterhead at ten-day intervals
- Patients call you, minimizing alienation
- Diplomatic approach with "courtesy notices" to recover sensitive accounts
- Guaranteed to collect twice what you paid for it, or your money back
- Pursue all your past due delinquent accounts for a minimum period, regardless of the size or age
- "Thank You Letter" may be sent to your customer, inviting them to return
- Secure online system allows you to
 - View and manage accounts
 - Submit, cancel or update accounts
 - Create reports
 - Post payments
 - Change status
 - Review collection results
